The above-identified patent application was allowed in a Notice of Allowance dated December 22, 2004. The Determination of Patent Term Adjustment Under 35 U.S.C. 154(d) attached to the Notice of Allowance awarded a Patent Term Adjustment for the above-identified application of 344 days. APPLICATION FOR PATENT TERM ADJUSTMENT  
Serial No. 09/684,865

Further Patent Term Adjustment may result due to events that have occurred (such as the filing of Information Disclosure Statements after the date of the Notice of Allowance as mentioned above), and due to events that are anticipated to occur (including the anticipated issuance of a patent from the above-identified application). Such further Patent Term Adjustment due to events that have already occurred after the date of the Notice of Allowance must be determined with final reference to events that have not yet occurred, including, for example, the date of issue of a patent. Accordingly, such further Patent Term Adjustment considerations can only be addressed after the anticipated issuance of a patent from the above-identified application in accordance with 37 C.F.R. §1.705(d) and are therefore not addressed, and are not addressable, herein.

As required by 37 C.F.R. §1.705(b)(1), the fee set forth in 37 C.F.R. §1.18(e) is enclosed herewith. The Commissioner is hereby authorized to charge any underpayment of fees, or credit any overpayment of fees, to Deposit Account No. 501574.
